I bought my Roush 2 years ago on FB Market place. The price was a bit high but I wanted to go look. So, I made an appointment to go see the car. When I saw it I knew I wanted it, but the price! The seller told me he had someone who

put money down, but the bank would not loan the money because there was no blue book for a Roush, so he did not buy. The owner asked me if I had cash, I answered yes, and asked him if I could come look at it again and bring a friend to check it out with me, which he agreed to. I called Brian Grennell and he said he would love to go. So, a couple of days later we went and looked at the car. Brian checked it out and said "you need to get this"....it had only 10k on the odometer!

We left the shop after a couple of hours. I called the owner a couple of

days later and he told me to make an offer. I made him quite a low ball offer, to which he asked if I could come up a thousand. I said "you bet!" I picked it up 3 days later! I was excited! What a great car! It is a supercharged Stage 3, 2007. What a fun car to drive. A great find and a great buy! So happy I bought the car, thanks to Brian!

IEMC Supports Kids Car Show

At least 18 'Stangs from IEMC showed up in force for the FUEL/Northwest Cars for Kids car show at Lone Wolf Harley Davidson in Liberty Lake on Saturday June 28th. The club ended up with a prime display area on the beautifully prepared lawn after a cruise down Trent Ave from the Yoke's store on Argonne Road.

Over 170 cars were shown and many clever and unique awards were presented. Several celebrity mascots were in attendance, including Ribbie and Doris from the Spokane Indians baseball team, Mario, Batman, and even Elvis. The delicious burgers and hot dogs went quickly and the DJ kept the tunes rolling all day.

The show opened with the National Anthem followed soon after by all cars revving their engines in unison. The thunderous noise was a thing of joy for all the motorheads. At the conclusion of the show, thanks were expressed to for the funds raised for worthwhile causes like Shriners Hospital and other children's charities.

The Prez Sez...

By **Tom Seep**

We're approaching the halfway mark for this year and the forecast, believe it or not, is for warmer days ahead. However, the first weekend of summer proved to be otherwise, as it was a little on the cool side.

Looking ahead, there are car shows aplenty in July. On July 4th for those of you with time to spare there are three car shows listed in the INCCC Calendar of Events book. One is in Spokane--the 42nd Annual Ford Show at Brookdale Park Place Retirement Center (Spokane Valley). The other two are out of town, in Nine Mile Falls and Cusick. Refer to the INCCC Calendar of Events for more details on those events and others. If you don't have a booklet, see me at the July Meeting as I have a few left.

Preparations are going well for Hot Wheels 2025 on August 2nd, so let's spread the word and flyers wherever we can. Let's make Hot Wheels 2025 a huge success. Contact Tom Seep, Jeff Larson, or Barry Barton if you need more flyers to hand out.

On a serious note, wherever your Fourth of July celebrations take you, be safe and sane. Why, you ask? I'd like to see you back in August alive and well.

Carpe diem, Mustangers!

- Tom

The #64 Mustang GT3 scored a popular win recently at the IMSA WeatherTech SportsCar Championship. Racing in the GTD PRO class in Ford's hometown, Detroit, Drivers Mike Rockenfeller and Sebastian Priaulx scored their 2nd win of the season. Their first win came at the 24-Hours of Daytona in January. Since the car debuted in 2024 it has scored 5 wins and 13 podium finishes. The chassis for the car was produced just a few miles from the racetrack at Ford's Flat Rock Assembly Plant, the same location that street Mustangs are created.
