

The Inland Empire Mustang Club (IEMC) was founded in 1983 by Carl Lind to promote the enjoyment and preservation of the Ford Mustang and Shelby automobiles.

We are a car club for owners and enthusiasts. Your 'Stang doesn't need to be in concours condition or exactly as manufactured because the condition of your car is NOT of prime importance. Your interest and enthusiasm for the hobby is what it's all about!

Club Activities: The IEMC is a very active organization with over 130 family memberships. In addition to monthly meetings and cruises, we have an annual car show and Christmas party. We also have picnics, host "Fun Run" cruises, attend sports events and participate in car shows, plus many other activities. All of these activities are optional to members. You may participate or not based upon your own availability and interest!

Meetings: Are held on the **First Tuesday of each month** at 7:00PM. All family members are invited and most folks come early to eat and visit. Our monthly meeting is at Darcy's in the valley - 10502 East Sprague Avenue (behind McDonald's in the old University City Mall). Hope to see you at the next meeting!

Monthly Run: Join us on the **3rd Tuesday of each month** for the IEMC Run to a local eating establishment. Check out the IEMC Calendar in the newsletter or the calendar on this site for the time and place to meet.

Monthly Newsletter: The **IEMC MUSTANG** is our official publication and is sent via email to all members. Club members are provided with free classified ads. Additionally, advertising for businesses is available for a fee.

Club Merchandise: We have jackets, sweatshirts, hats, tank tops, tee shirts and much more available at very reasonable prices. Items are sized to fit children and adults. Want a coffee mug with a custom picture of your car on it? No problem.

Help With Your Car: If you need assistance, many members are knowledgeable in repair/restoration procedures and are willing to help.

Charities - Giving Something Back

Our club actively supports a wide variety of charities throughout the year. Our goal each year is to donate all profits to support those in need.
