'Stang of the Month: Mike Easterday's 2024 GT Convertible

My first Mustang convertible was a clean used 2008 California Special GT. I bought it to see if I liked owning a convertible having rented one years earlier. It turned out that I really enjoyed having a convertible but unfortunately a red light runner t-boned me in late June 2022.

In late March of 23 I ordered my 2024 Mustang and waited impatiently for it to be built and shipped. It finally arrived in late September. Now that the summer weather is here I'm looking forward to lots of fun driving this fast pony.

## The Prez Sez...

By **Tom Seep**

We're approaching the halfway mark for this year and the forecast, believe it or not, is for warmer days ahead, just in time to celebrate Fourth of July and many more car shows.

Looking ahead, there are shows aplenty in July. On July 4th there are two: the 22nd Annual Suncrest Car Show at Lakeside Middle School and the 41st Annual Ford Show at Brookdale Park Place Retirement Center (Spokane Valley). Several shows follow: on July 13th, the Greater Spokane Meals On Wheels Road Rally; on July 18th, INCCC Scholarship Car Show; July 19 through 21, the Great Northwest Gathering for rides 1987 and earlier plus Mustang Corral. Finally, the new raceway park out by Northern Quest is opening this summer. Refer to the INCCC Calendar of Events for more details on these events and others.

Preparations are going well for Hot Wheels 2024 on August 3rd, so let's spread the word and flyers wherever we can. Let's make Hot Wheels 2024 a huge success. Contact Tom Seep, Jeff Larson or Barry Barton if you need more flyers to hand out.

Now on a serious note, wherever your Fourth of July celebrations take you, be safe and sane. I'd like to see you back in August.

Carpe diem, Mustangers!

- Tom

## Lynne Lind Honors Carl On Their Shared Birthday With Visit to Veterans Cemetery

Lynne Lind missed the June IEMC General Membership meeting for a good reason, it was her and our club founder's birthday and she took a drive with her son Aaron, in the fastback, to visit Carl Lind's marker at the Veterans Cemetery and was treated to lunch and dinner by her daughter Andrea.

IEMC extends its thanks for the legacy the Lind family has with the club, and offers its best wishes to for the future.

## Ford Scores Podium Finish With New GT3 At Le Mans

The new Mustang GT3 made its debut at the 24 hour race at le Mans with great success. All three Mustangs that entered the race finished the race, which is an accomplishment in its own right, and one of them achieved a podium finish. The #88 Mustang, driven by Olsen, Roda, and Pederson finished in third place, while the #44 GT3, with drivers Mies, Hartshorne and Tuck, narrowly missed the trophy positions ending up in fourth place.

The race at the 8+ mile course at Le Mans is a test of endurance, team work, engineering, strategy, stamina, and mental toughness. Only the best machines and drivers are able to conquer its challenges and complete the full day of competition. Congratulations to Ford for providing a vehicle that well represented the company and the country with such fantastic finishes.

### For Sale

This drivin' machine was handcrafted to be a reasonably faithful replica of original Daytona Coupe# CSX2299. It was patterned after CSX2299 just as it appeared in the 1965 12 Hours of Sebring race... and it's about as close as one can get to possessing and driving That Real McCoy. Peter Brock's CSX2299 was driven to the checkered flag at Sebring in the GT III Class by legendary drivers Bob Bondurant (aka "Bondo") and French Formula One driver Jo Schlesser (Joseph Théodule Marie Schlesser)... a skilled and popular driver who perished in a spectacular crash on the second lap of the French Grand Prix at Rouen in 1968.

The original CSX2299 is owned by the Larry H. Miller Family Foundation in Utah, and is customarily stabled and on display in the Shelby American Collection museum in Boulder, Colorado.

- VIN# FFR2758CP (It was the 17th FFR "Type 65" Coupe produced... the tally is almost 1,000 now).
- Coupe body/chassis package shipped to me in June, 2001; it was first registered in summer, 2016.
- 6,900 original miles [11,100 km] logged as of end of May, 2024.
- This CSX2299 Coupe dupe is a crowd pleaser at shows and is typically mobbed by enthusiasts.
